Objective

Motivated Computer Science student with a strong foundation in programming, software development, and graphic design. Seeking an opportunity to apply my technical skills in software development, web development, or IT support while continuously learning and growing in the tech industry.

Skills

Programming & Software Development:

- Proficient in **Java, Python, C++, and JavaScript**
- Experience with **HTML, CSS, and SQL** for web and database development
- Familiar with **Data Structures and Algorithms**
- Knowledge of **Object-Oriented Programming (OOP) and Software Development Life Cycle (SDLC)**
- Basic understanding of **Networking and Cybersecurity Principles**

Tools & Technologies:

- **Version Control:** Git, GitHub
- **Databases:** MySQL, Oracle Database
- **Development Tools:** VS Code, Eclipse, IntelliJ IDEA
- **Adobe Creative Suite:** Photoshop, Illustrator, InDesign (for UI/UX design)

Soft Skills:

- Strong written and verbal communication
- Problem-solving and analytical thinking
- Team collaboration and project management
- Ability to adapt and work in remote environments

Projects

Bank Management System (C++)

- Developed a banking system with account management, sorting, and transaction handling features.
- Implemented file handling for data storage and retrieval.

Console-Based Chat Application (Java)

- Built a real-time chat application using Java sockets for client-server communication.
- Enabled multiple users to communicate through a command-line interface.

E-Commerce Website (HTML, CSS, JavaScript, Python)

- Designed and developed a fully functional e-commerce platform with user authentication and product management.
- Integrated a MySQL database to store customer orders and product details.

Student Management System (Java, MySQL)

- Created a GUI-based student management system using Java Swing and MySQL.
- Features include student registration, grade tracking, and report generation.

Experience

Java Developer (Personal Projects)

- Developed a **console-based chat application** using Java with networking features
- Built a **bank system in C++** with account management, sorting, and transaction handling
- Created multiple **web development projects** using HTML, CSS, JavaScript, and Python

Customer Support Representative & Brand Ambassador

Safaricom Ethiopia | March 2023 – March 2024

- Managed inbound and outbound calls, providing excellent customer service
- Resolved customer inquiries and technical issues efficiently
- Maintained accurate records and escalated issues when necessary

Graphic Designer

Safaricom Ethiopia | March 2023 – Present

- Designed promotional materials, social media graphics, and marketing assets
- Created **UI/UX prototypes** for web and mobile applications
- Developed branding and visual identity designs for various campaigns

Freelance Graphic Designer

January 2022 – Present

- Worked with clients to design **logos, websites, and marketing content**
- Customized templates and digital assets to fit business branding needs

---

Education

University of Gondar | Gondar, Ethiopia
Bachelor of Science in Computer Science (Expected 2026) | GPA: 3.7

Certifications & Training

- **Adobe Certified Expert (ACE) – Photoshop**
- **Oracle SQL Fundamentals** (Self-study)
- **Introduction to Cybersecurity** (Online Course)
- **Google IT Support Professional Certificate**
- **AWS Certified Cloud Practitioner**
- **Microsoft Certified: Azure Fundamentals**
- **Certified Ethical Hacker (CEH) - EC-Council**

Languages

- **English:** Fluent
- **Amharic:** Native
- **Oromic:** Basic
